

## FOR SENATOR.

MR. A. C. GREEN, the next Senator from Wake county, is worthy of the support of every white man in the county. He is an honorable, straight-forward, consistent man. His greatest fault is his directness in speech, whereby he is often misjudged.

He is a conservative man in action, upright, consistent, and devoted to the people.

If elected he will vote for a Railroad Commission and for every measure that will advance the interests of the people. He will never be a "Pick up." The corporations haven't got enough money to buy him. He is a true man.

White men: Will you allow "Sorry Pick up" MEACHAM, who has joined the Radicals for office, to be your Senator? If not vote and work for GREEN.

## FOR THE LEGISLATURE.

A. D. (Buck) Jones,  
W. B. Upchurch,  
A. M. Sorrell,  
Geo. W. Davis.

Who are these men? They are four of the best men in Wake county, and the white men of Wake county have nominated them for the House Representatives.

Will they be elected? They will if men who have STRAIGHT HAIR AND WHITE FACES are true to themselves. They are worthy and the man who votes against them says thereby that he wants negro rule in North Carolina.

That is the issue!

## FOR SHERIFF.

CAPT. MACK PAGE has served the people of Wake county as Register of Deeds. As an officer he was capable, faithful and popular. As a Democrat, and as a white man, he is true to his race.

As a citizen he is devoted to the interests of Wake county and its upbuilding.

Wherever known he is honored and respected, and is entitled to the vote of every respectable white man in Wake county. His opponent has held the office long enough, and as CAPT. PAGE proves has collected "costs" out of the people of Wake county on the first of November when he had no right according to law to collect until the first of January. He is a Radical—will vote for Hoover (col) and all the Radical ticket.

He appeals to negroes for support. Let them vote for him, but let every self-respecting white man vote for the gallant CAPT. MACK PAGE.

## FOR REGISTER OF DEEDS.

What patriotic white man in Wake county will fail to vote for SID DUNN, the brave one legged soldier, for Register of Deeds? He is worthy, honest, capable and patriotic. His opponent, ADAMS, is the man who hired a negro clerk in preference to a white man, and when he turned the negro off afterwards and took a negro clerk, he said that he did it because he could get the white man cheaper.

Voters of Wake county will you vote for such a man in preference to a brave wounded soldier?

## TO MECHANICS.

The Democratic party has nominated for county Treasurer that correct, competent and industrious printer, MR. L. O. LOUGER. He now holds that office and has discharged its every duty to the perfect satisfaction of every man in Wake county.

The Radicals gave no recognition to any mechanic, but when one was mentioned in connection with a nomination they wouldn't allow it, and nominated SORRY PICKUP MEACHAM instead.

LOUGER is honorable and competent, and one of the people. His opponent—WANTS THE OFFICE, and in order to get it will vote for every negro whom the Radicals will name.

Let every body vote for LOUGER; but particularly let every mechanic rally to his support and to the support of the ENTIRE TICKET.

## RALEIGH IN BRIEF.

## LOCAL HAPPENINGS IN AND AROUND THE CAPITAL.

Short Items of News Gathered on the Fly by the Chronicle's Reporters.

Altogether now for that new hotel. It must be a before any more big crowds come to Raleigh.

It will soon be time for Raleigh's annual Chrysanthemum show, and it will be something immense this time.

Jumbo Jewett, the fat man weighing seven hundred pounds or more, has been a taking card at the fair.

Rome will be burned here on November 6th. The grand act will be performed by Barnum and Bailey's great circus combination.

The young ladies of Peace Institute gave a pleasant reception to their friends last night which was largely attended and greatly enjoyed.

The managers of the Goldsboro fair closed a contract with Prof. Ward yesterday to make two ascensions during their fair next week. The dates are 21st, 22nd and 23rd.

Wonder if that committee, or rather the chairman of the committee, has got a union depot plan yet to which there are no obstacles? It doesn't seem that it would be a hard matter to do.

Mr. Sam'l Miller has completed the big contract of putting up the gorgeous show bills of Barnum and Bailey's mammoth circus, and he has made the town brilliant with them.

Raleigh has been favored with thousands of visitors this week, and many of them are yet pleasantly lingering here with friends. May their stay be long and pleasant in the "City of Oaks."

Now, what are Raleigh people going to do about the street improvement business. Next Tuesday night is the time set for the meeting of the Chamber of Commerce—it having been postponed till then from last Tuesday.

Everybody has been struck with the coal pyramids constituting exhibit of the Egyptian company. The coal itself has attracted great attention, and the people of this State are realizing that as good coal can be had from within her borders as from anywhere.

Now that the fair and the rush are over, let everybody turn their attention to the subscription list for replacing headstones at the graves of the Confederate soldiers at Fredericksburg. The list is not growing fast enough.

Yesterday a colored driver while passing the A. & M. College, meanly struck a little white boy in the face with a whip. The little fellow was walking along, not molesting or noticing anything, and the driver's action was one of pure cussedness.

A very pleasant sociable was given at the residence of Mr. and Mrs. Nottingham, on last Thursday evening, in honor of Miss Nannie Cuthrell, of Portsmouth, Va., social games were the amusement of the evening. Refreshments were served and the evening was delightfully spent.

One of the registers of White Oak told a CHRONICLE man yesterday that there would be a clear gain of twenty-five Democratic votes in that township this time. That's the way. Democrats are gaining everywhere. True white men are working to put the Anglo Saxon race in office. White men of Wake, see that this is done.

They do say that the sale of rubber shoes, rubber coats and umbrellas in the city on Thursday last was stupendous. In fact the stock of such goods in the city was pretty well cleaned up. Shoes came in for an enormous sale also, and in hundreds of instances purchasers just put on their new foot outfit right at the place of purchase and left the old pair to take care of themselves.

The Fair Marshals' ball given last night in Henry hall was very largely attended by both participants and onlookers. It was a very elegant and pleasant affair. During the evening, Mr. R. N. Hackett, of Wilkesboro, on behalf of the corps of marshals, presented Mr. Wm. Grimes, chief marshal, with a very handsome souvenir in the shape of a solid gold headed riding whip.

## A Home Wedding.

On yesterday, Miss Ella Smith, daughter of Rufus Smith, Esq., of this county, was married to Mr. Hardy B. Bagwell, of Garner, Rev. J. R. Maynard, officiating. The marriage was at the home of the bride's father.

The attendants were Mr. E. E. Bagwell and Miss Bettie Smith; Mr. Robert Smith and Miss Maggie Bagwell; Mr. I. Young and Miss Julia Smith; Mr. Malley Penny and Miss Ola Bagwell; Prof. C. C. Cates and Miss Almata Brooks; Rev. M. A. Adams and Miss Ada Cates. After the ceremony the bridal party went to the home of the groom in Garner where a cordial and happy reception was given them. An elegant repast was served and then the party drove to the State fair where the day was very pleasantly spent.

The Balloon Takes a Little Journey Alone.

The balloon went up yesterday but the man did not go with it. This however was not the man's fault. He did everything possible to get the air ship to navigate, but the contrary winds would not let it go. The balloon was half inflated one time when a gale struck it and turned it over, and all the inflation evaporated. Then another trial was made and this time the balloon was held down, but the wind twisted and turned it so that it could not be filled as full of hot air as a good aerial flight demanded.

But the Professor left it go anyhow and was in his seat ready to visit the upper atmosphere. He didn't get there. The immense canvass rose lazily from the earth, but it wouldn't go high. It went sideways with the wind, dragging the aeronaut along the ground for a little distance, then it slammed him against a fence and started over toward the grand stand. People held their breath, for it looked as though the Professor was going to be hurled against the corner of that structure. But the balloon got tired and let down a little when the Professor jumped out. The loss of his weight was a release for the balloon, and then it rose slowly and reluctantly upward for two hundred feet or more and took a trip with the wind for about a mile, when it came gently down to the earth.

## NORTH CAROLINA FRUITS.

She Cans Them Beautifully--And Sells to Those From Whom She Used to Buy

One thing which was practically shown at the fair was that North Carolina can and does produce as nice fruit as any place in the world, and also that it can put it up in cans and preserve it as nicely as any State or section of country on earth.

Nothing was more attractive or more progressive and business looking at the fair than the displays of canned fruit made by the High Point Canning Company and Dr. G. K. Faust. The exhibit was splendid. A few years ago North Carolina bought all the canned fruits she used from distant states. But she opened her eyes to the possibilities before her in this line, and now she sells the luscious canned goods to the very people from whom she used to buy.

Such enterprising and wide awake companies and individuals as those making displays of canned goods at the fair have brought about this result.

## CAROLINA SOLDIERS AT FREDERICKSBURG.

Their Graves Becoming Obliterated-- Shall this be?

RALEIGH, N. C., Sept. 19th, 1890.

TO THE PEOPLE OF NORTH CAROLINA:

In the Confederate cemetery at Fredericksburg, Va., there are one hundred and sixty-four North Carolina soldiers whose graves are without headstones. It will require three hundred and twenty-eight dollars to purchase them. Virginia, Maryland, South Carolina, Georgia, Louisiana, Florida and Texas have placed headstones at the graves of each of their dead soldiers. Will not the men and women of North Carolina do as much for their brave, dead soldiers?

Contributions for this purpose will be gratefully received and acknowledged through the columns of the STATE CHRONICLE and the News and Observer. Money may be sent to Jos. G. Brown, cashier Citizens' National Bank.

DAN'L G. FOWLE.

## Branson's N. C. Almanac, 1891.

As an Old Friend, comes every year with a familiar, smiling face. The title page has a fac-simile of the State coat of arms and of the great seal of North Carolina. Every page looks bright and new and yet cheerful as a bosom friend. Much valuable information is given on almost every page about our native State, such as you cannot find in patent medicine calendars. The short calendar on the last page is always handy. Few nouns are more familiar to the golden mediocrity than that of Branson's Almanac. It has carried knowledge, science and fun into thousands of happy North Carolina homes. This year it has the official vote by Congressional Districts, also the Officers of all the Counties of the entire State.

Ain't it Funny When You Feel That Way?

That is what we heard a fellow say who had been out to the fair yesterday. He looked like he felt funny, if being wet and muddy makes one feel funny. We were sorry not to be able to attend the fair Thursday, but owing to the rain our trade was simply so immense that we could not get off. We are too tender-hearted to turn 500 people out in the rain when we did not have an umbrella or rubber coat to sell or lend them; therefore we stayed at home and enjoyed ourselves hugely, counting and taking in the boodle. We took in right much boodle yesterday. The last nail keg we heaved up full of silver was too full and split the head; we managed to sack it, however. We hope the fair run alright and that our not being there caused no hitch in the proceedings. Our prices were a big surprise to every stranger in the city. They said we had the lowest prices they ever saw in their lives and we have got them--always have them at.

## Remarkable Cure.

Mrs. Michael Curran, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a HOPELESS VICTIM OF CONSUMPTION and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at John Y. McRae's drugstore. Large bottles 50c. and \$1.

## THE WORLD'S COMMERCE.

New York, October 17.—Messrs. Hubbard, Price & Company, in their cotton circular to-night say: "In Liverpool the market is one point lower than yesterday, the decline at the opening being also in part attributed to the failure of an important Glasgow house largely interested in the cotton goods trade. Here the opening at a decline of about four to five points about established the basis of the day's trading, and the session has been comparatively dull in New York."
